- Elevations
- Floor Plans
- Footings and Foundation Plan
- Cross Section and General Notes
- Details
- Electrical Plans· Framing Plans

Stock Plans

You receive the authorization to build this home once with 5 sets of non-reproducible blueprints.

Additional Sets

You choose the number of non-reproducible blueprints in addition to the 5 sets included in the base price. Each additional set is \$30.00.

11" x 17" Study Set

This is a smaller size of plans, which will be stamped "Bid Set Only Not Authorized for Construction"

Reproducible Vellum Set

You will receive a set of reproducible vellum plans. This option is not available in Arizona, Colorado, Idaho, Nevada, or Utah.

CAD File

With this option, you will receive one CD, which includes one AutoCAD 14 DWG file. This file includes all the specifications and dimensions of the original design. All plans are in one file divided up by the layer manager for easy access. This option is not available in Arizona, Colorado, Idaho, Nevada, or Utah.

Plan Book

The plan book is divided into four categories, which are 2-Story, Rambler, Split Level and Twin Homes. There are several plans in each category ranging in square footage.
